

Semi-Auto Food Slicer

Model : WFSECSA35B3

Economical semi-automatic slicer featuring a safety interlock system and blade safety ring. Ideal for Butchers, Delis and Supermarkets throughout Australia.

FEATURES

WFSECSA35B3

- piezo switches that are resistant to water and to harsh environments
- high capacity carriage for large cuts of meats
- stow-away product holder for slicing flexibility
- patented poly-V belt drive with auto-belt tension to prevent any slipping
- single speed and stroke length for consistency
- adjustable salami fence, keeping round products stable
- large clearance for easy cleaning
- polished anodised aluminium alloy for hygiene and ease of cleaning
- 10 AMP single phase power

SAFETY FEATURES

- blade safety ring; the blade is completely shrouded by metal
- safety interlock; carriage doesn't allow tilting unless index knob is set at zero
- power fail safe; prevents inadvertent starting after power cuts
- no blade removal required for cleaning
- CE approved. The highest global standards of design and manufacture have been met for optimum safety for the user.
