

# Commercial Mixer Grinder

Model : DXTX114ML

This high performance mixer grinder is manufactured in France to the highest safety and manufacturing standards in Europe. The removable mixing paddle allows a thorough blend and easy cleaning upon completion of production. The worm feed is adjacent to the mixing ensuring a perfect mix and mince process and with two mincing plates it will reduce labour time.

## FEATURES

DXTX114ML

- high performance floor mixer grinder
- CE certified to the highest safety and manufacturing standards
- safety isolation switches on lid and exit cover (optional feature only)
- entirely manufactured in stainless steel
- two motors with individual grease baths
- removable mixing arm for easy cleaning
