Swing Lid Vacuum Sealer

Model: WFV375FGSW27

Introducing our Swing Lid Dual-Chamber Vacuum Sealer, engineered for high-performance food packaging.

Designed to meet the demanding needs of professional kitchens and food production facilities, the Swing Lid Chamber Vacuum Sealer is the ultimate solution for caterers, butchers and meat wholesalers, supermarkets, and smallgoods manufacturers seeking efficiency, hygiene, and consistent vacuum sealing performance.

With advanced features such as programmable vacuum cycles, optional bi-active sealing bars, vacuum sensors, and a durable stainless-steel build, this double-chamber vacuum packaging machine ensures maximum productivity while preserving product freshness and extending shelf life. Ideal for high-volume operations, the machine offers customisable sealing options and protective atmosphere settings to suit a wide range of food packaging applications.

FEATURES

- 20 programmes
- soft vacuum
- marinating function
- extra vacuum time selectable if required
- oil lubricated pump - 100 m^3/h Busch®
- 4 mm wide seal plus second seal/cut-off bar that removes excess bag
- gas-flush function (MAP) to increase product shelf life and stability
- vacuum sensor

OPTION

- bi-active sealing bars - dual sided sealing for heavy duty applications (factory option)
