Commercial Vacuum Sealer

Model : WFV175FGD27

Floor-standing vacuum sealer engineered for heavy commercial use. It features a high volume Busch vacuum pump, large capacity and gas-flush capability. It is simple to operate and can store up to 20 sealing programmes.

Our entire vacuum sealer range is designed and constructed in Italy to the very highest standards. You will be delighted with the superior finish and reliability of this vacuum sealer, which will give you years of trouble free use.

FEATURES

- dual 750 mm sealing bars (front & back)
- high grade stainless steel construction including body work and chamber
- user friendly 20 programme digital control panel
- 63 m^3 per hour Busch vacuum pump
- large capacity designed for heavy commercial use
- easy to read vacuum gauge
- heavy duty plastic spacer boards for increased efficiency and volume reduction when packing smaller products
- gas-flush function (MAP) to increase product shelf life and stability
